**Length:** 2.5 Miles **Marking:** Green Blazes/Arrows

Hidden Springs Trail takes users through native Missouri woodlands to bluffs above the Lake. Depending on the season, one may see flowering dogwoods in bloom, hear pileated woodpeckers or feel the cool temperatures of a seasonal spring. In addition to abundant natural history in this area, this trail also passes near a small family cemetery. This 2.5 mile loop trail is open to hikers and horseback riders only. Regularly scheduled horseback rides from the Ozark Homestead Riding Stables frequent this trail. If you meet a group of riders, please move off the trail, stand quietly and let them pass.
